

2017 Guiding Principles

COHESIVE CAMPUS CHARACTER

- **Express institutional values**, commitment to educational excellence
- **Integrate with the surrounding community**
- **Context-driven physical development**
- **Retain institutional identities**
- A **welcoming and user-friendly** experience for all

DURABLE AND ADAPTABLE FACILITIES

- Maximize **space versatility** to meet evolving needs
- **Enable space reconfiguration over time** with minor changes
- **Provide infrastructure for current and future technology needs**

ENRICHED CAMPUS COMMUNITY EXPERIENCE

- **A student-centered campus**
- Encourage faculty, student and staff **interaction**, and the **interdisciplinary exchange** of ideas
- Maximize **resources and co-location** opportunities
- Meet the **needs of commuting and residential students** equitably
- Promote a **culture of learning, innovation and partnership**

ENHANCED ENVIRONMENTAL AND HUMAN HEALTH

- Promote **environmental sustainability and human well-being**
- Manage the critical habitats on campus to **promote academic, research and partnerships**
- **Connect the campus experience to the landscape;** organize natural environments in four interconnected campus landscape zones.

INTEGRATION WITH THE CITY OF BOTHELL

- **Connect with the City of Bothell's long-range vision**
- Create **amenities as assets to both** the campus and broader Bothell communities
- Acknowledge and **complement adjacent uses along campus edges**
- Strengthen pedestrian and bicycle **connections between campus and downtown core**

MOBILITY, ACCESS AND SAFETY

- Monitor and manage for **safe, efficient & effective movement** of people and vehicles
- Provide equitable **pedestrian access**
- **Improve transit access**
- Provide sufficient and appropriately located **parking**
- **Collaborate** with City of Bothell and local transit agencies
